## ABOUT THE ORGANISATION

Apna Ghar Ashram Mumbai aims to provide services for the needy sick women generally found on roadsides, near-religious & other public places in very harsh & painful conditions. The organization 'Shishu Welfare Trust of India' was established on 22<sup>nd</sup> June 1984 in Malad East, Mumbai Suburb of Maharashtra (India).

The organization is running an ashram called 'Apna Ghar Ashram' for such type of women where all facilities like treatment, food, clothing & other necessities of life are being provided with love & care, without any charge. Apart from 100+ bed residential facilities, there are kitchen, medical, office, store, dining, recreation & other facilities for the services of the Prabhuji (Female Inmates).

If you find any homeless helpless destitute sick women on roadside, railway station or other public places, then kindly send them to Apna Ghar Ashram or contact us on the helpline numbers of the Ashram so that they can be rescued at the level of the Ashram team.

## VISION

To rescue and provide care to every helpless, hopeless, and critically ill woman who is enduring harsh and painful conditions and facing a lingering death due to lack of help and support on roadsides, religious sites, and other public places.

## MISSION

To serve the living image of God by helping all those who are facing a hopeless & painful phase in life. The organisation is applying all efforts to save the lives of these women with the blessing of the almighty God. Apna Char Ashram provides a safe, secure & homely environment with treatment, shelter, food, clothing & other necessities of life to these homeless helpless deprived sick persons.

It is noteworthy that 'Apna Char Ashram Bharatpur', the headquarter of the parental organisation is built on 42 acre of land & is the largest home in the country in terms of its category & specialities, specifications & ideology. At present, there are 6000+ homeless helpless sick persons residing in this Ashram from which 2000+ are females. About 90 percent of these helpless persons are suffering from different diseases & totally dependent on medicines from which 40 percent residents are dependent on service providers for their entire daily routine work. These are separate female, male & children residential homes in this Ashram like Bal Niketan Bhawan, Old Age Home, HIV Home, TB & Critical Care Homes, mental retardation, psychiatry, orthopaedics & asthma available for the Prabhuji's (Inmates).

These Ashram's are completely run with the public support.

Our inspiration comes from our Parent Organisation Maa Madhuri Brij Varis Sewa Sadan Apna Ghar Sanstha which is running 61 Apna Ghar Ashrams across the country, in which 21 in Rajasthan, 17 in Uttar Pradesh, 4 in Delhi, 7 in Madhya Pradesh, 3 in Haryana, 3 in Gujarat, 4 in Chattisgarh, 3 in Maharashtra, one each in West Bengal & Orissa. Apart from this, an Apna Ghar Ashram is also being operated in Kathmandu Nepal i.e. outside India. In all these Ashrams, more than 12000 homeless helpless destitute sick persons are getting love, treatment, food, care, shelter & all other required services without any charges & this process of expansion of Apna Ghar Ashrams in other parts of the country is still going on as per feasibility & opportunity.

## **WHAT WE DO**

The Organisation is working for the homeless, helpless, hopeless, destitute persons generally found in very harsh & painful conditions on roadsides, railway stations, bus stands, religious & other public places. Having been neglected by society, without food, water & clothing, they generally go towards lingering death. Without proper treatment & wound care, they are frequently found infested with maggots. The residential home by the name 'Apna Ghar Ashram - Mumbai', where all facilities like treatment, food, clothing, personal care & medical/surgical treatments are provided free of cost, with the support & generosity of the society. The organisation is working to save the life of these helpless hopeless & homeless destitute sick persons & trying to reach every such sufferer in the country to reduce their sufferings.

## **OUR PROJECTS**

The objective of our mother organization (Maa Madhuri Brij Varis Sewa Sadan Apna Ghar Sanstha) is to reach every homeless, hopeless, helpless & sick person. For this the organization starts Apna Ghar Ashram at every place where we get a residential building having minimum capacity for 50 beds with other necessary requirements. At present the organization (MMBVSS) is running 61 Apna Ghar Ashram in 10 States of India & one in Nepal. For these Ashrams, 6 buildings are of MMBVSS, 9 are of Government bodies from which 7 are given by Rajasthan, 2 by UP & one by MP Government.

Out of 61 Ashrams 23 Ashram buildings are provided at individual level, 18 Ashram buildings are given & run by other organizations as a branch of the Apna Ghar Sanstha in different States of India. The ashram at Goregaon (Mumbai, Maharashtra) - **Apna Ghar Ashram - Mumbai is one such ashram run by Shishu Welfare Trust of India.**

## STAFF & VOLUNTEERS

Patient centric care is provided on an individual basis to every Prabhuji. More than 10 employed staff & more than 60+ volunteers are involved in the provision of services for the Prabhuji's. We expect many professionals from the medical & allied fields to assist us on an ongoing & voluntary basis.

## MEDICAL FACILITY

Most of the Prabhuji's (Women Inmates) brought to the Ashram are suffering from different types of ailments. Hence medical/surgical treatment plays a significant part in the service we offer them. There is a team of doctors (Physician, Surgeon, Orthopaedic Surgeon, Paediatrician, Psychiatrist, Physiotherapist, Eye Surgeon, Anaesthesia Doctor, Chest Specialist, Psychologist & Dental Surgeon) who are available to offer their services to our Mumbai Ashram, as required on an urgent basis. For patients who are in a more critical condition, there is an arrangement made with the local hospitals, where medical investigations & treatments (medical & surgical) are provided to our Prabhuji's. Recreation facilities asuch as TV, music system, different types of play equipment & instruments are available for the Prabhuji's.

## OUR APPROACH & OPERATING MODEL

The Prabhuji's who are rescued require urgent attention for their care, therefore a rescue team consisting of (1 nursing staff +1 caretaker + first aid treatment kit + bathing washing hygiene kit + emergency medicine kit + clothing) with an Ambulance is available at every Ashram to attend to every case. The information of these Prabhuji's is generally received through members/ volunteers of the organization, general public, police, administration, other NGOs, media, etc. There are 24x7 centralized helpline numbers **87643986811 / 9660149394** working at the **Bharatpur Ashram (HQ of the Organisation)**. The rescue is dispatched when any information about Prabhuji is received. The team provides first aid, food, personal hygiene, bathing & clothing etc. as per the necessity & picks up the helpless Prabhuji from the spot, completing legal formalities from the concerned police station, following which, the Prabhuji is admitted to the Apna Ghar Ashram. They are taken to their allocated ward which has been identified as suitable for their needs, where they are provided with all facilities like bedding, medical treatment, food, clothing, personal care & other necessities till the point that they recover fully. During the period of the Prabhuji's stay, efforts are made so that the Prabhuji's family can be traced. Breakfast is served at 8:00 AM, lunch at 12:00 PM, refreshment 4:00 PM & dinner at 6:30 PM to all Prabhuji's.

During treatment, as per their health status, these Prabhuji's also participate in different service activities such as cooking, washing, care for each other, cleaning, office work, medical support, general assistance, security, education, counselling to other Prabhuji's etc. Our prime objective is not only to satisfy their hunger but to cater to their emotional & psychological needs. We continue to counsel the Prabhuji to locate their whereabouts & family connections, taking the help of local services such as the Police. Once the family of the Prabhuji is traced, they are respectfully handed over to the custody of their family by completing necessary legal and documentation formalities. Our process can be summarised as the **3 'R's i.e. Rescue - Rehabilitation - Reintegration.**

## उपचार से पहले
